

ARCTIC PATTERN INDUSTRIAL FUSE-LINKS

TYPE A

400/415 Volt Industrial Fuse-Links to IEC 60269-2/BS 88-2

Rated Voltages 415V a.c. 250V d.c. Breaking Capacities 80kA a.c. 40kA d.c. Breaking Ranges and Utilisation Category gG/gM

Lawson Type "A" fuse-links were originally developed and branded for the ARTIC Fuse Company.

They were specifically designed for use only in ARTIC fuse-holders or fusegear and are still available from Lawson Fuses.

PRODUCT DETAILS

ARCTIC PATTERN FUSE-LINKS
